Dear Greg,

I am excited to apply for the IT and Web Developer Intern position at REQ LLC. As a Bachelor of Science student in Computer Science at Georgia State University, I am passionate about combining technical expertise with creative problem-solving to build dynamic web solutions. I am eager to contribute to REQ's mission of increasing brand awareness and business opportunities while gaining hands-on experience in a professional and entrepreneurial environment.

My technical skills and experiences align closely with the qualifications and responsibilities outlined in your posting:

- **Web Development Expertise:** Proficient in HTML, CSS, and JavaScript, with experience in frameworks such as Bootstrap and responsive design. My role as a volunteer at Georgia State University's AI2 Research Lab involved front-end development, where I collaborated on user-friendly interfaces and content integration, emphasizing usability and aesthetics.
- **SEO and User Experience:** I have experience implementing SEO strategies to improve website visibility, ensuring a seamless user experience. I am committed to developing visually engaging interfaces that align with a brand's vision and goals.
- **Problem-Solving and Adaptability:** My role as a Student Lab Assistant at Georgia State University honed my ability to troubleshoot technical issues effectively and address individual needs, showcasing my patience and analytical skills. I am eager to apply these strengths to maintaining and troubleshooting REQ's Microsoft Business account and resolving general technological issues.
- **Entrepreneurial Spirit:** REQ's innovative and collaborative approach resonates with my proactive mindset and willingness to take initiative. I embrace the opportunity to learn, contribute creatively, and grow within your team.

In addition to my technical abilities, my experience as a Graphic Design Intern at DUBLIEU demonstrated my ability to manage projects, meet deadlines, and collaborate with cross-functional teams. These skills, combined with my attention to detail and adaptability, position me to succeed in this internship.

I am inspired by REQ LLC's commitment to fostering entrepreneurial growth and offering interns a platform to create, learn, and lead. I am excited about the prospect of contributing to your web development initiatives, integrating podcast content, and supporting the organization's technological needs.

Thank you for considering my application. I look forward to the opportunity to discuss how my skills and experiences align with your goals for this internship. I am available for a Zoom interview at your convenience and can be reached at +1-404-593-7480 or simmikumari942@gmail.com.

Sincerely,
Simmi Kumari
